

THE SMART ALTERNATIVE TO VINYL

Andersen® 100 Series products are made with our innovative Fibrex® composite material and are durable, energy efficient and environmentally responsible. Plus they're available in a variety of options, including rich dark colors, for a beautiful look inside and out.

DURABLE

- Virtually maintenance-free inside and out
- Tested to the extreme to deliver years of smooth, reliable operation*
- PG40 on casement, awning and fixed windows

ENERGY EFFICIENT

- Weather-resistant construction designed to seal out drafts, wind and water
- Many 100 Series windows and doors have options that make them ENERGY STAR® v. 6.0 certified throughout the U.S.

BEAUTIFUL

- Clean, attractive corner seams
- Premium matte finish, inside and out
- Available in a variety of shapes and larger sizes for even greater flexibility

INTERIOR COLORS

White Sandtone** Dark Bronze** Black**

EXTERIOR COLORS

White Sandtone Terratone Dark Bronze Black

ENGINEERED WITH
FIBREX®

Composed of 40% reclaimed wood fiber by weight, twice as strong as vinyl and never needs painting*

*Visit andersenwindows.com/warranty for details.
 **Units with Black, Dark Bronze and Sandtone interiors have matching exteriors.
 Printing limitations prevent exact color duplication. See your Andersen supplier for actual color samples.

HARDWARE

WINDOWS

Single-hung and Gliding windows feature hardware that automatically locks when windows are closed.

Standard lock. Available in **White**, Sandtone, Dark Bronze and Black.

Metal Slim Line hardware. Available in White, Sandtone, **Dark Bronze**, Black, Satin Nickel and Antique Brass.

Single-hung and gliding windows are available with an optional lift/pull handle.

Casement windows feature hardware that folds down so it doesn't interfere with window treatments.

Available in White, Sandtone, Dark Bronze, Black, **Satin Nickel** and Antique Brass.

PATIO DOORS

The standard Tulsa hardware is color matched to the door's interior and exterior colors.
